Correspondence received from Mr Geraint Price seemed to contradict with decisions taken by the Council in Minute 6618 / Oct / 05. The special meeting was called to clarify matters in view of changes in some of the details of the event .

Cllr Paul Faulkner explained that after checking with the National Trust's Insurers they were unhappy for the field adjacent to the Rugby ground to be used as the main car park. He had contacted Mr Price to inform him of the position.

The Rugby Club had themselves booked the Children's rides and it was agreed that the Clerk should write to the Rugby Club stating that they , the Rugby Club , would be wholly responsible for the rides in the event of an accident.

The Technical officer had met with Mr Price at Cae William to discuss the positioning of the rides and to ensure that two bays were left for access to emergency vehicles. The car park would cater for a maximum of 108 vehicles.

The Police were prepared for excess vehicles to park along both sides of the highway up as far as the Police Station.

The cars of Councillors and other stewards could park on the driveway leading to the adjacent field. A meeting of all stewards and the Councillors helping at the event would be held on Tuesday, 25<sup>th</sup> October at Cae William at 7.30pm for training purposes and to clarify the tasks given to individuals. The Councillors would be responsible for manning the gates.

All these details were agreed unanimously

Meeting ended at 7.30 pm.
